

2018 SPRING SHEEP OPTIMISER WORKSHOPS

- **Market Impact & Social License** - From classrooms to catwalks: why wool is winning. Marius Cuming from AWI Corporate Communications discusses market impact and defending our precious social license.
- **Understanding ASBVs** – Not sure about Australian Sheep Breeding Values? Mark Allington from Icon Agriculture will give an overview of ASBVs and how to use and understand them.
- **AWI Breech Flystrike RD&E Technical Update** – Jane Littlejohn, General Manager of Research at AWI will present on the current projects including sheep breeding and selection, improved management practices, wool industry training and engagement and supply chain engagement.
- **Chaff Carts** – What's the impact of harvest weed seed management such as chaff carts on sheep production? AgPro Management have conducted trials and will delve into the results.
